Sir:

In response to the Notice of Allowability dated February 10, 2003, the following Comments on the Examiner's Statement for Reasons of Allowance are respectfully submitted in connection with the above-identified application.

In the Reasons for Allowance, the Examiner states, "The single-chain insulin analog protein of the instant application is a fusion of the B and A chains of human insulin chains by a joining peptide of about 5 to 18 amino acids comprising the amino acid sequence of SEQ ID NO: 3."
